

*Tampa Bay ACS Local Section, 2006 Program, Part II*

- Tuesday, 19 September.** Dr. Attila Pavlath, Former ACS President  
“Alternative Energy Sources: From the Sun to the Depth of the Earth”  
Room , University of South Florida-St. Petersburg, 3:00 pm.
- Wednesday, 20 September.** Dr. Attila Pavlath, Former ACS President  
“Alternative Energy Sources: From the Sun to the Depth of the Earth”  
Chae Auditorium, New College in Sarasota, 4:00 pm.
- Thursday, 21 September.** Joint with the Chemistry Seminar Program, University of Tampa  
Dr. Attila Pavlath, Former ACS President  
“Alternative Energy Sources: From the Sun to the Depth of the Earth”  
CASS 188, University of Tampa, 4:00 pm.
- Wednesday, 11 October.** Joint Meeting with the Society of Sigma Xi, Eckerd Chapter  
Dr. Richard Chris Schnabel, Chemistry Department, Eckerd College  
“Synthesis and Characterization of a Series of Zinc and Cobalt Imidazole  
Complexes”  
Galbraith Marine Science Lab Auditorium, Eckerd College, 7:00 pm.
- Thursday, 19 October.** Joint with the Chemistry Seminar Program, University of Tampa  
Dr. Harold Scheraga, Cornell University  
“Structure and Folding Pathways of Ribonuclease”  
CASS 188, University of Tampa
- Wednesday, 25 October** Dr. Howard Peters, member of the ACS Board of Directors and unabashed  
chocoholic  
“Chocolate: Food of the Gods”
- Thursday, 26 October.** Joint with the Chemistry Seminar Program, University of Tampa  
Dr. Salvatore Salamone,  
“Development of Rapid Immunoassays to Determine Levels of Chemo-  
therapeutic Drugs in Plasma.”  
CASS 188, University of Tampa, 4:00 pm.
- Thursday, 2 November** Joint with SEEK (Scientists and Engineers Expanding Knowledge)  
Dr. Eric Steimle, Department of Chemistry and Environmental Policy, USF-  
St. Petersburg  
“  
“  
G-WIZ, the hands-on children’s museum in Sarasota, Noon.
